To whom it may concern;

This letter is a much supported recommendation to a true *professional*, Nancy K. Corbett. I've been acquainted with her for the past nineteen years, during which time I purchased five properties using her skills. The reason for this loyalty has to do with the fact that Nancy is very understanding with the special needs of her clients. She has an knack of getting the impossible accomplished, as I may testified from personal experience. Nancy is extremely creative in solving problems, which can creep into a real-estate transaction at anytime. Experience is the most valuable protection one could have against such un-foreseeable events. Nancy without a doubt has the *experience*.

Mrs. Corbett has help many of my friends in their real-estate needs over the years and I have received nothing but complements from them about her performance. Since word of mouth is the best form of advertisement it is easy to explain Nancy success and her large client base. That vast majority of individuals I know use her services over and over. With Nancy you get a lasting commitment. This is the main reason I return to her expertise.

Nancy's true professionalism and enthusiastic attitude are two qualities that should be seriously considered when selecting that one individual to represent you in major financial transaction.

Should you have any questions or wish to talk to me personally feel free to call.

Sincerely,

A handwritten signature in dark ink, appearing to read "Richard Slavich". The signature is fluid and cursive, written over a light background.
